

Dimensione Gioco

AFTERNOON COURSES SCHEDULE school year 2023/2024

La Giocomotiva has monolingual or bilingual Italian/English nurseries and preschools in Milan, Rome and Florence. The educational approach is based on the modernity of Howard Gardner's "Theory of Multiple Intelligences". To enrich our training offer we also would like to give you the opportunity to attend different **afternoon courses** addressed to children aged from 3 to 6.

On the back of this brochure you can find the courses available at the **International Preschool di via Boccaccio**, also for those who are not registered to one of La Giocomotiva schools.

For further info and registrations: dimensionegioco@lagiocomotiva.it
